

Change the creator Id of a package

- [<Built-in Solutions>](#) |
- [<XML services in CMN/ZMF>](#) |
- [<CMN/ZMF Helpdesk>](#)

Summary: Change the creator ID of a change package to another userid, something that is typically done for none-BAS packages created by somebody who left the company.

Note that standard ChangeMan ZMF does not offer any equivalent facilities to do this (except with yellow XML service PACKAGE/GEN_PRMS/UPDATE), illustrated also by what is asked for in the question (on Serena.com) about [Changing the package creator ID](#) (and with an answer there that includes a REXX procedure that obviously was generated with ... AbitMORE SCM Commander!).

Solution ID: ASCZ0011

Solution Variables:

```
ASC1 - AbitMORE® SCM Commander 1.4.1 -----
Home   > CMN/ZMF Solutions > Change the creator id of a package
Command =>                                                                    Scroll => CSR

Update the creator id of a package
