[Application Administration](#)

Reports in this category all relate to reports with “Info Type = A” (i.e. about data concerning ChangeMan ZMF application administration options A.A.1, A.A.3 and A.A.4). [Read more »](#)

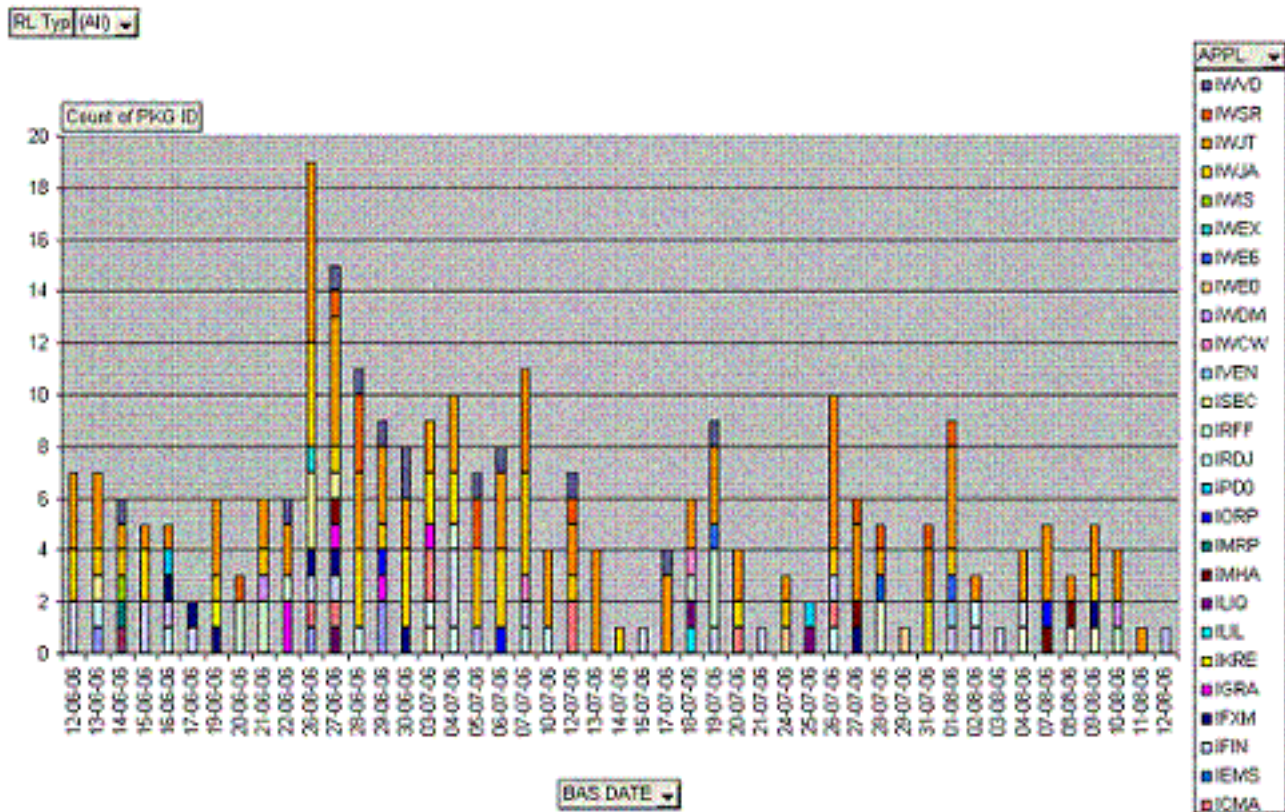

[Getting Started with AbitMORE SCM Reporting](#)

These reports illustrate specific ASR features. The report description is an indication of the actual feature used in it. [Read more »](#)

[How long does it take to install and learn ASR?](#)

Installing ASR is straight forward: you need to upload about 10 PDS libraries and then you have to configure it (as an ASR administrator) by fine tuning 1 REXX procedure that includes all the par [Read more »](#)

[Can I create charts about ChangeMan ZMF with ASR?](#)

Creating charts with ASR is straight forward: all you have to do is to [Read more »](#)

[What's the programming language used to build ZMF reports with ASR?](#)

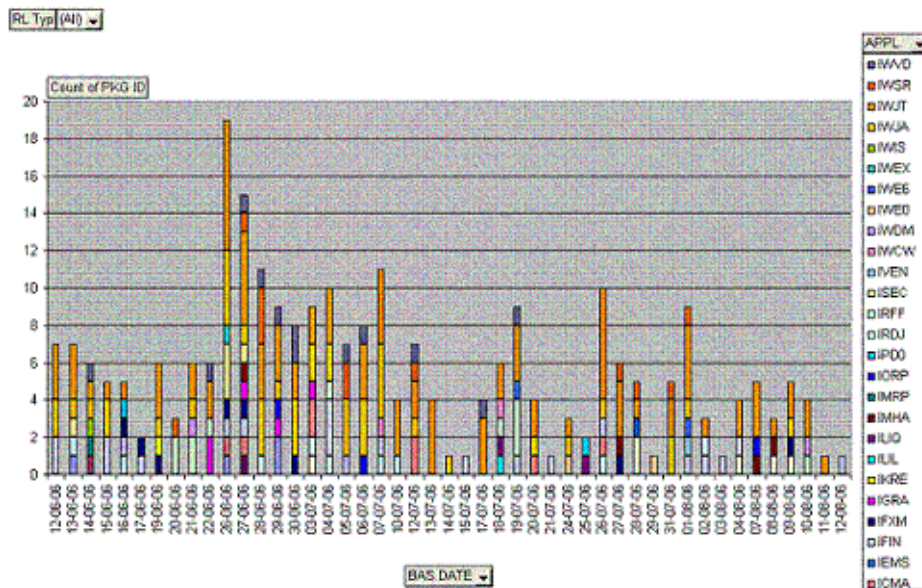

To use ASR, you don't need to learn any programming language at all, and you don't have to know anything about ChangeMan ZMF's XML services. [Read more »](#)
